

THE MORE WE CAN SORT AND RECYCLE - THE BETTER...

Many food companies mark how to sort the packaging - that's smart.

Ordering more bags for food waste:

If you have your own container:
Tye a bag to the lid of your food waste container when you put it out for collection.

If you live in an area with communal bins:
Send an email with your address to affald@vejen.dk

VIDSTE DU AT...

When your environmental box is full, you must fill in the address label and place the box at one of your waste bins. The renovator replaces the box the next time your waste container is emptied.

If you live in a home where you have a cupboard for environmental boxes, you place the environmental box for exchange there and take a new one.

SEPARATE YOUR WASTE

If your waste consists of different materials, you must separate it before handing it in at the recycling site. The more you sort your waste, the better we can recycle it.

DIGITAL MAPS

At www.vejen.dk/genbrugspladser you will find digital maps of the containers. You can also see what you can put in the different containers.
